

Monmouth County Three Bridges

Brielle & Manasquan

The County of Monmouth, the New Jersey Department of Transportation (NJDOT), and the North Jersey Transportation Planning Authority (NJTPA) are committed to developing transportation improvements that best balance transportation needs, the environment, community concerns, and cost.

To meet these objectives, Public Information Centers will be held as noted below on **February 15, 2018** to inform the general public, local officials and the business community about the Monmouth County Three Bridges project (County Bridges W-7, W-8 & W-9) located in Brielle and Manasquan.

Thursday February 15, 2018

2 to 4 p.m.

Brief Presentation at 2:30
Manasquan Borough Hall
201 East Main Street
Manasquan, NJ 08736

6 to 8 p.m.

Brief Presentation at 6:30
Brielle Borough at the Curtis House
644 Union Lane
Brielle, NJ 08730
across from Public Works yard entrance

You may attend either or both meetings.

Note: *If there is inclement weather, an alternate date of February 20, 2018 has been reserved. Please check the project website (www.monmouthcountythreebridges.com) for scheduling information.*

Public Information Center Format: Attendees will have an opportunity to review exhibits of the recommended Preliminary Preferred Alternative for each structure, ask questions and provide feedback to Project Team members. A brief presentation will take place at the time noted above.

You are encouraged to actively participate by providing comments at the meeting, by mail or email. Comments will be accepted through March 19, 2018. Property owners with rental units are advised that tenants are welcome and encouraged to participate in this process. If you require specific accommodations, please notify the Project Facilitator, Denice daCunha at mcw789facilitator@rbagroup.com. On the second sheet, there is more information about the meeting. Additional project facilitator contact information is also provided.

Green Avenue over Debbie's Creek (W-7)

Fisk Avenue Culvert (W-8)
between Debbie's Creek and The Glimmer Glass

Brielle Road over The Glimmer Glass (W-9)

Monmouth County Three Bridges

Public Information Centers– Thursday February 15, 2018
Manasquan 2-4 p.m. at Manasquan Borough Hall/ Brielle 6-8 p.m. at Curtis House

Background:

The following three structures have been identified by the County as needing improvement:

Bridge W-7: Green Avenue over Debbie's Creek

Structure W-8: Fisk Avenue Culvert between Debbie's Creek and The Glimmer Glass

Bridge W-9: Brielle Road Bridge over The Glimmer Glass

The project purpose, needs, and goals/objectives were developed by the project team and presented to various stakeholders and the general public in May 2016 for comment. The project purpose, needs, and goals/objectives served as a basis for the development and assessment of alternatives.

In November /December 2016, the Project Team held a Stakeholders meeting and a pair of Public Information Centers (PIC's), one in Manasquan and one in Brielle, to review the feasible improvement alternatives for each structure. Based on the feedback received, these alternatives were refined and then assessed against the project purpose, needs, and goals/objectives. The Project Team has reviewed these assessments and has selected a recommended Preliminary Preferred Alternative for each structure. The following alternatives were considered:

Bridge W-7:

- 1 – No-Build
- 2 – Rehabilitation
- 3 – Replacement with a Wider Bridge
- 4 – Replacement with Bridge W-9

Structure W-8:

- 1 – No-Build
- 2 – Rehabilitation
- 3 – Elimination of the Culvert
- 4 – Replacement of Culvert

Bridge W-9:

- 1 – No-Build
- 2 – Rehabilitation
(with 3 sub-alternatives)
- 3 – Parallel Bridge
(with 4 sub-alternatives)
- 4 – Replacement of Bridge
(with 4 sub-alternatives)

The purpose of the February 15, 2018 PICs is to present the recommended Preliminary Preferred Alternative for each structure.

Your Participation:

We are seeking your comments on the recommended **Preliminary Preferred Alternative** selected for each structure before and after the brief presentation. This is also an opportunity for public comment on issues related Section 106 of the National Historic Preservation Act, the N.J. Register of Historic Places Act, Section 4(f) and other environmental review processes.

You will also have the opportunity to comment within the 30 day post Public Information Center comment period, until March 19, 2018.
