**RE: Monmouth County Bridges W-7, W-8 and W-9
Brielle and Manasquan Boroughs
Local Scoping Phase
Stakeholder Meeting #2, November 29, 2016**

Dear Stakeholder:

Monmouth County is re-evaluating the various alternatives of rehabilitation and/or replacement of the three bridge structures located at the border between the Boroughs of Brielle and Manasquan. The project area has been collectively known as "**Three Bridges**" to the local residents and involves the following roadways and waterways:

**W-7, Green Avenue Bridge over Debbie's Creek
W-8, Fisk Avenue Culvert over Debbie's Creek and Glimmer Glass
W-9, Brielle Road Bridge over Glimmer Glass**

In previous meetings, Monmouth County presented the existing conditions at the Three Bridges location to invited stakeholders and the general public, and reviewed the Project Purpose and Need. We have received feedback from the public, which has been collected and used in preparation of various alternatives for advancement of this project.

To present the alternatives being considered for advancement to local Stakeholders, Monmouth County is hosting a Stakeholders Meeting scheduled for:

**Date: Tuesday, November 29th, 2016
Time: 7 pm to 9 pm
Location: Brielle Borough, at the Curtis House
644 Union Lane, Brielle, NJ 08730**

A PowerPoint presentation will be presented at this time, exhibiting the various alternatives under consideration to advance to final design.

Your attendance at this Stakeholder Meeting is appreciated. Please advise us if you are able to attend and if you require specific accommodations by notifying the project team Facilitator Denice daCunha at mcw789facilitator@rbagroup.com.

Date: November 15, 2016
RE: Bridges W-7, W-8 and W-9 Stakeholder Meeting #2

Page 2

Please note, Public Information Centers are scheduled for December 15, 2016 at which time an opportunity for input on alternatives will be provided.

Our project website is www.monmouthcountythrebridges.com.

We look forward to meeting with you on November 29th and your continued involvement in this project.

Very truly yours,

Joseph M. Ettore, P.E.
County Engineer
