

Monmouth County Three Bridges

Brielle and Manasquan, New Jersey

Environmental Assessment (EA) Public Hearing

Green Avenue over Debbie's Creek (W-7)

Fisk Avenue Culvert (W-8)
between Debbie's Creek and The Glimmer Glass

Brielle Road over The Glimmer Glass (W-9)

The County of Monmouth, the New Jersey Department of Transportation (NJDOT), the North Jersey Transportation Planning Authority (NJTPA), and the Federal Highway Administration (FHWA) are committed to developing transportation improvements that best balance transportation needs, the environment, community concerns, and cost. The following three structures are proposed for replacement as coordinated through outreach with the community:

- **Bridge W-7:** Green Avenue over Debbie's Creek:
Replacement with a Wider Bridge (Sidewalks on One Side)
- **Structure W-8:** Fisk Avenue Culvert between Debbie's Creek and The Glimmer Glass:
Replacement of Culvert
- **Bridge W-9:** Brielle Road Bridge over The Glimmer Glass:
Replacement with a New Bridge on Current Alignment – Movable Bridge, Rolling Counterweight

In accordance with National Environmental Policy Act (NEPA) process, a **Public Hearing** will be held as noted on the reverse side of this flyer on **October 22, 2026**. The purpose is to allow the general public, local officials, and the business community to comment on the **Environmental Assessment (EA)** prepared to assess the impacts associated with these improvements. The NEPA process requires Federal Agencies to:

1. Consider a project's effects on natural, cultural, and social resources.
2. Document and evaluate findings within the appropriate NEPA document.
3. Provide opportunities for public involvement / consider substantive comments during review process.

The EA document is available on the project's website, where you can also learn more about the project:
